

KIMBERLY L. POWELL

Kimberly L. Powell passed away on April 11, 2013 at the age of 52 after a long, courageous battle with breast and liver cancer. She is survived by her husband Brian, mother Joanna Lentz, aunt and uncle Nick and Norma Apostolos, mother-in-law Charleen Powell, brother-in-law Evan Powell and many loving cousins. She was predeceased by her father Luther S. Lentz. Kimberly was born in Roseville, CA and moved to the East Bay with her family where she graduated from Pleasant Hill High School with a keen ability and interest in art and science. She graduated from the California College of Arts with a degree in Graphic Design and pursued a 20-year career in Marin and San Francisco with the design studios Harry Murphy + Friends, Akagi Remington, and Alterpop. She had an elegant design aesthetic and mastered technical media during both the hand-production and computer eras. While working in Mill Valley in 1983, she met her husband Brian Powell and got married in 1985. They settled in Larkspur, CA and have lived there ever since. Kimberly routinely enjoyed yoga, pilates, exercise classes and hikes with friends. Even though she played infrequently, she possessed a beautifully natural golf swing that was the envy of many golfing partners. Kimberly had a love for children, especially those of her closest friends, and a love for animals that included a fascination with the healing power of horses. Kimberly cherished her friends, family and neighbors. They were the light of her life and they gave her incalculable strength and inspiration as she fought a fierce fight against cancer for ten years. Nothing was more enjoyable to her than laughing, sharing and connecting with the people in her life. Kimberly enjoyed working with the Corte Madera Women's Improvement Club Scholarship Committee for several years. She also benefited greatly from care and assistance from Hospice By the Bay during her illness. Donations may be made to either organization.
